CUBA WITHOUT BORDERS CUBA SIN FRONTERAS

Label: Six Degrees Records - 2000

Produced by Robert Leaver and [Greg Landau](#)

Cuba Without Borders is a great compilation that covers a rich mixture of traditional and modern approaches. Cuba has been - and continues to be- one of the most important musical sources in the world. San Francisco-based producers Robert Leaver and Greg Landau, co-founders of the Round World Music label, have been doing a great job these past years recording most of the artists now showcased in this Six Degrees Records release.

This collection offers to the listener an excellent sample of the diversity of rhythms and styles that the Caribbean island has generated on a two-ways interaction process, not only internally, but on the West Coast -the Bay area- as well. It is a tremendous document of the cross-cultural collaboration between artists united by a common passion: music.
